

# THE UNIVERSITY OF THE SOUTH PACIFIC SCHOOL OF DISTANCE EDUCATION BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY PROGRAMME HANDBOOK

The purpose of this handbook is to provide you with the information you need to successfully complete your programme. It contains details of the programme structure, the requirements for admission, progression and completion, and the support services available to you. It is your responsibility to read this handbook carefully and to ensure that you understand the requirements of the programme.

This handbook is intended for students who are currently enrolled in the programme or who are considering enrolling. It is not intended to be used as a reference for other purposes. The information in this handbook is subject to change without notice. It is your responsibility to check the handbook regularly for updates.

The programme is designed to provide you with the knowledge and skills you need to work in the information technology industry. It is a challenging programme that requires a high level of commitment and motivation. You will be expected to work independently and to take responsibility for your own learning. The programme is designed to be flexible and to allow you to study at your own pace.

The programme is delivered through a combination of self-paced learning and live online sessions. You will be required to complete assignments, projects and examinations. You will also be expected to participate in discussions and to provide feedback to your lecturers. The programme is designed to be interactive and to provide you with a variety of learning experiences.

The programme is designed to be flexible and to allow you to study at your own pace. You will be able to complete the programme in a shorter or longer period of time, depending on your circumstances. The programme is designed to be challenging and to provide you with a high level of learning. You will be expected to work hard and to take responsibility for your own learning.
