

# THE UNIVERSITY OF THE SOUTH PACIFIC SCHOOL OF DISTANCE EDUCATION BACHELOR OF SCIENCE (HONOURS) IN INFORMATION TECHNOLOGY PROGRAMME

PROGRAMME OBJECTIVES: To provide students with a solid foundation in the theory and practice of information technology, and to develop their problem-solving skills and ability to work independently. The programme is designed to equip students with the knowledge and skills necessary to pursue a career in information technology or to continue their studies at the postgraduate level.

The programme is a four-year undergraduate programme. It is designed to provide students with a broad and deep understanding of information technology, and to develop their critical thinking and problem-solving skills. The programme is suitable for students who are interested in a career in information technology or who wish to continue their studies at the postgraduate level.
