THE UNIVERSITY OF THE SOUTH PACIFIC
SCHOOL OF DISTANCE EDUCATION
B.S. IN BUSINESS ADMINISTRATION
FINANCIAL ACCOUNTING
COURSE DESCRIPTION

This course is designed to provide students with a comprehensive understanding of financial accounting principles and practices. The course covers the fundamental concepts of accounting, including the accounting cycle, journalizing, and the preparation of financial statements. Students will learn how to analyze and interpret financial data, and how to apply accounting principles to various business transactions. The course also emphasizes the importance of ethical considerations in financial reporting. Through a combination of lectures, readings, and practical exercises, students will develop the skills necessary to succeed in a career in financial accounting. The course is structured to provide a solid foundation for further study in accounting and related fields. Students will be expected to demonstrate a thorough understanding of the material and to apply their knowledge to solve complex accounting problems. The course is a required component of the B.S. in Business Administration program and is essential for students seeking a career in accounting or finance.
